# **INITIAL DISCUSSION PAPER**

## **Draft Special Taxes Regulation Regarding Requirements for Electronic Funds Transfer Reporting Regulation 4905, Electronic Funds Transfer**

### **Issue**

Should the Board adopt new Regulation 4905, *Electronic Funds Transfer*, to implement the electronic funds transfer payment requirements for the following seventeen tax and fee laws (Special Taxes):<sup>1</sup>

Motor Vehicle Fuel Tax; Use Fuel Tax; Cigarette and Tobacco Products Tax; Alcoholic Beverage Tax; Energy Resources Surcharge; Emergency Telephone Users Surcharge; Childhood Lead Poisoning Prevention Fee; Hazardous Substances Tax; Occupational Lead Poisoning Prevention Fee; Integrated Waste Management Fee; Oil Spill Response, Prevention, and Administration Fees; Underground Storage Tank Maintenance Fee; Marine Invasive Species Fee (Ballast Water Management Fee); California Tire Fee; Natural Gas Surcharge; Water Right Fee; and Diesel Fuel Tax.

### **Background**

The various Revenue and Taxation Code (RTC) sections governing electronic funds transfer (EFT) for Special Taxes were added by Statutes 2000, Chapter 923. The Board of Equalization is required to administer the EFT payment process for specific types of tax payments. The statute requires that the Board implement the EFT program through adoption of regulations.

Staff proposes to promulgate a single regulation that provides guidance for making tax and fee payments by electronic funds transfer. The suggested language is attached as Exhibit 2. The regulation will provide a single set of rules for all the Special Taxes programs to which it applies. For ease of reference, the regulations of each individual tax or fee program will also contain a cross-reference to the new EFT regulation. The suggested cross-reference language for each of the Special Taxes programs is attached as Exhibit 3. The Business Taxes Committee is scheduled to discuss this issue at its meeting on December 3, 2004.

### **Discussion**

The process of remitting tax payments by EFT provides a significantly more efficient and effective method of collecting tax payments. The process eliminates the possibility that the taxpayer's payment is lost in the mail. In addition, the process enables the Board to identify delinquent payments earlier and to start collection efforts immediately. The handling of check payments has inherent delays or "float" caused by the mail, processing, and clearing time. Consequently, a tax payment can be postmarked on the due date, but the State may not gain use of the receipts for a week or more due to processing delays.

# **INITIAL DISCUSSION PAPER**

## **Draft Special Taxes Regulation Regarding Requirements for Electronic Funds Transfer Reporting Regulation 4905, Electronic Funds Transfer**

New Regulation 4905 would implement, interpret, and make specific the various Special Taxes EFT provisions referenced above.

The EFT statutory requirements are nearly identical for all the Special Taxes programs and generally provide that a person whose estimated tax liability averages twenty thousand dollars (\$20,000) or more per month, as determined by the board, shall remit amounts due by an electronic funds transfer under procedures prescribed by the board. The law also allows for voluntary EFT payments and defines various EFT terms.

Regulation 4905 sets forth the procedures the Board will use to calculate when the threshold for mandatory EFT filing has been met, describes the procedures for voluntary payment by EFT, incorporates statutory definitions, identifies penalties for failure to file a return, failure to pay by EFT, and failure to timely pay, and describes alternative payment methods for use in emergency situations. The suggested regulation is substantially the same as the Sales and Use Tax Department's Regulation 1707, Electronic Funds Transfer.

### **Summary**

Staff suggests this regulation to comply with the statutory requirements to implement EFT for the various Special Taxes programs, and to conform the Special Taxes EFT process to the EFT process under the Sales and Use Tax Law.

Interested parties are invited to comment on the draft regulation, suggest revisions and participate in the interested parties meetings scheduled for August 19, 2004 and October 5, 2004 in Sacramento.

Prepared by the Excise Taxes and Fees Division, Property and Special Taxes Department.

**(a) DEFINITIONS.**

- (1) "Electronic funds transfer" means any transfer of funds, other than a transaction originated by check, draft, or similar paper instrument, that is initiated through an electronic terminal, telephonic instrument, or computer or magnetic tape, so as to order, instruct, or authorize a financial institution to debit or credit an account. Electronic funds transfers shall be accomplished by an automated clearinghouse debit, an automated clearinghouse credit, or by Federal Reserve Wire Transfer.
- (2) "Automated clearinghouse" means any federal reserve bank, or an organization established in agreement with the National Automated Clearing House Association, that operates as a clearinghouse for transmitting or receiving entries between banks or bank accounts and which authorizes an electronic transfer of funds between these banks or bank accounts.
- (3) "Automated clearinghouse debit" means a transaction in which the state, through its designated depository bank, originates an automated clearinghouse transaction debiting the person's bank account and crediting the state's bank account for the amount of tax. Banking costs incurred for the automated clearinghouse debit transaction shall be paid by the state.
- (4) "Automated clearinghouse credit" means an automated clearinghouse transaction in which the person through his or her own bank, originates an entry crediting the state's bank account and debiting his or her own bank account. Banking costs incurred for the automated clearinghouse credit transaction charged to the state shall be paid by the person originating the credit.
- (5) "Federal Reserve Wire Transfer" means any transaction originated by a person and utilizing the national electronic payment system to transfer funds through the federal reserve banks, when that person debits his or her own bank account and credits the state's bank account. Electronic funds transfers pursuant to Revenue and Taxation Code sections 7659.9, 8760, 30190, 32260, 40067, 41060, 43170, 45160, 46160, 50112.7, 55050, and 60250 may be made by Federal Reserve Wire Transfer only if payment cannot, for good cause, be made according to subdivision (a) (1) of this regulation, and the use of Federal Reserve Wire Transfer is preapproved pursuant to subdivision (h) of this regulation. Banking costs incurred for the Federal Reserve Wire Transfer transaction charged to the person and to the state shall be paid by the person originating the transaction.

**(b) PARTICIPATION.**

- (1) **MANDATORY PARTICIPATION.** Persons with an estimated monthly tax or fee liability of twenty thousand dollars (\$20,000) or more are required to remit amounts due by electronic funds transfer under procedures set forth in this regulation. To identify mandatory participants, the Board shall conduct a periodic review of all persons with licenses, permits, or other authorization under sections 7659.9, 8760, 30190, 32269, 40067, 41060, 43170, 45160, 46160, 50112.7, 55050, and 60250. The review is performed by calculating an average monthly tax or fee liability for a twelve-month period. Persons whose average monthly tax or fee liability equals or exceeds twenty thousand dollars will be required to remit payments by electronic funds transfer. If a person did not engage in a covered activity until after the beginning of the designated twelve-month review period, then the monthly tax or fee liability will be calculated based upon the number of months in which covered activities occurred (for example, in a calendar year review period, if the person obtains a permit or license and begins operations for which a tax or fee may be imposed in May, the total tax or fee liability would be divided by eight to determine the average monthly tax or fee liability since there are eight months remaining in the evaluation period). Persons registering to report and pay a tax or fee for the first time, except certain successors, will not be required to participate in the electronic funds transfer program until a review is conducted.

A successor will be regarded as having an estimated tax or fee liability of twenty thousand dollars (\$20,000) or more per month when the monthly tax or fee liability of the predecessor exceeded twenty thousand dollars per month or the predecessor was a mandatory participant in the electronic funds transfer program. If the successor purchases a portion of a business that is required to participate in the mandatory electronic funds transfer program (e.g. a multiple outlet business that only sells some, but not all of its locations), the average monthly tax or fee liability of the purchased business will be computed to determine if the successor meets the threshold to be identified as a mandatory participant in the electronic funds transfer program.

After review, if a person drops below the threshold for mandatory participation, the Board shall provide notification, in writing, that the status has been changed from mandatory participation to voluntary participation in the electronic funds transfer program. If, at that time, a person wishes to discontinue making electronic funds transfer payments, a written request must be made to the Board. Payments must continue to be remitted by electronic funds transfer until the taxpayer or feepayer is notified by the Board, in writing, of an effective date of withdrawal from the program. Any person who fails to comply with the mandatory participation requirements under this article shall be liable for a penalty as provided under the applicable Revenue and Taxation Code sections 7659.9(f), 8760(f), 30190(f), 32260(f), 40067(f), 41060(f), 43170(f), 45160(f), 46160(f), 50112.7(f), 55050(f), and 60250(f).

- (2) VOLUNTARY PARTICIPATION. Any person not meeting the criteria for mandatory participation set forth in subdivision (b)(1) of this regulation may participate in the program on a voluntary basis. A person must register with the Board prior to participation and must remain in the program for a minimum of one year. After that time, if a person wishes to discontinue making electronic funds transfer payments, a written request must be made to the Board. Payments must continue to be remitted by electronic funds transfer until notified by the Board, in writing, of an effective date of withdrawal from the program.

(c) DATE OF PAYMENT. Payment is deemed complete on the date the electronic funds transfer is initiated, if the settlement to the state's demand account occurs on or before the banking day following the date the transfer is initiated. If the settlement to the state's demand account does not occur on or before the banking day following the date the transfer is initiated, payment is deemed to occur on the date settlement occurs.

(d) FILING OF RETURNS. In addition to a tax or fee payment made by electronic funds transfer, a return must be filed on or before the due date. Any person who fails to comply with this provision shall be subject to penalty charges as provided under Revenue and Taxation Code sections 7659.9(d), 8760(d), 30190(d), 32260(d), 40067(d), 41060(d), 43170(d), 45160(d), 46160(d), 50112.7(d), 55050(d), and 60250(d).

(e) FAILURE TO PAY BY ELECTRONIC FUNDS TRANSFER. Any person required to pay tax or fee by electronic funds transfer must continue to do so until the Board advises them otherwise in writing. Any person required to pay taxes or fees by electronic funds transfer, as set forth in subdivision (b)(1), who does not pay through electronic funds transfer but uses another means (e.g., pay by check), will be assessed a penalty as provided by Revenue and Taxation Code sections 7659.9(e), 8760(e), 30190(e), 32260(e), 40067(e), 41060(e), 43170(e), 45160(e), 46160(e), 50112.7(e), 55050(e), and 60250(e).

(f) ZERO AMOUNT DUE. When no tax is due for a given period, a zero dollar transaction must be made by electronic funds transfer or the Board must receive written notification stating that no tax is due for that period.

(g) EMERGENCIES. In emergency situations, a Federal Reserve Wire Transfer transaction may be used to transmit a payment. A Federal Reserve Wire Transfer is an electronic payment system used by federal reserve banks to transfer funds instantaneously. Generally, this method of payment is not approved for recurring transactions. Authorization must be received from the Board prior to making a payment by Federal Reserve Wire Transfer. The person who originates the transfer shall be responsible for any fees incurred in paying by a Federal Reserve Wire Transfer transaction.
